

WHY STUDY GOD'S WORD?

1. In the Word, we learn about our new Father, what he expects of us.
2. In the Word we learn:
 - what happened to us at our new birth,
 - how to walk wisely in this world, and
 - what is our ultimate end once we leave this life.
3. It is a command.
4. For personal growth
5. For protection:
6. To have transformed life.
7. For our personal walk.
8. For preparation for service
9. The joy of discovery
10. It is the pure water of God, the spiritual meat and bread that you only get by going directly to the source.
11. You learn and retain best that which you dig out for yourself.
